| Technical File: | DC-9283 | |
| Test report: | RCT n°3711044.01 | |

EU Type Examination Certificate

Date: 2018/06/05

n. **778182302/TE**

Validity:
2023/06/04

Functions and performance levels:

Basic requirements for occupational footwear (OB) (see table 2 and 3 of EN ISO 20347:2012): all mandatory ones, among which the following ones:

SRA = slip resistance – meets the following requirements:

- surface: ceramic / lubricant: detergent solution.

Marking:

printed directly on the outsole and includes the following information:

- **CE Marking**;
- name of manufacturer;
- designation of the footwear;
- technical standard of reference + safety symbols;
- date of production (with clock indicator);
- size of footwear;
- additional information: "made in...", symbols referring to the material composition.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.

The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
